

## Saguaro to Marana 115/138kV Transmission Line Project

This Project Questionnaire will allow Arizona Electric Power Cooperative (AEPCO) and Tucson Electric Power (TEP) to collect important data and understand your interests or concerns related to the proposed new Saguaro to Marana 115/138kV line to serve the town of Marana, Arizona and the surrounding area. This information will assist AEPCO/TEP when making decisions regarding facility design and locations.

### 1. Your Contact Information

Name

---

Organization (if applicable)

---

Address

---

City/State/Zip

---

Email Address

---

Phone Number

---

### 2. How did you learn about the project? (please select all that apply)

Mailing

News Release

Internet

Internet

Neighbor or Friend

Other (please specify):

---

---

### 3. Which of the following applies to your situation? (please select all that apply)

My home is within the project area or adjacent to a potential route I

am a landowner in the project area or adjacent to a potential route

My business is within or adjacent to a potential route

I am within the study area but not directly affected by the project

Other (please specify):

---

---

# Saguaro to Marana 115/138kV Transmission Line Project

## Transmission Line Routing Considerations

4. The routing of a transmission line involves many considerations. From the list of routing factors below, please select the corresponding level of importance of each factor.

|   | Unimportant           | Somewhat Unimportant  | Uncertain             | Important             | Very Important        |
|---|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| Maximize distance from homes  | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Maximize distance from commercial/industrial facilities/businesses                                    | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Maximize distance from public facilities (e.g. schools, libraries, parks, churches, cemeteries, etc.) | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Minimize crossing agricultural land   | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Minimize crossing directly through property (versus along property boundaries)                        | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Minimize total length of the transmission line and number of angles (reducing the project footprint)  | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Maximize distance from historic/cultural sites  | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Maximize placement of transmission line along freeways and arterial roads                             | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Maximize placement of transmission line along existing power lines and utility corridors              | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Maximize placement of transmission line along property lines (e.g., section or ½ section lines)       | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

## Saguaro to Marana 115/138kV Transmission Line Project

5. Do you believe the purpose and need for this transmission line has been adequately explained?

- Yes
- No
- Uncertain (If so, what additional information would be helpful to you?)

---

---

6. Do you believe the scope of the project has been adequately explained?

- Yes
- No
- Uncertain (If so, what additional information would be helpful to you?)

---

---

7. Do you have any concerns about any of the Preliminary Route Alternatives? If so, please state the Preliminary Route Alternative and your concern.

---

---

8. Are there any of the Preliminary Route Alternatives that you prefer? If so, please state the Preliminary Route Alternative you prefer and why.

---

---

### Additional Comments

9. We want to hear from you! Please provide us with any additional comments or let us know if you would like to identify additional issues for consideration.
